~~CONFIDENTIAL~~

30 September 1954

MEMORANDUM FOR: Hydrographer  
U. S. Navy Hydrographic Office  
Department of the Navy  
Washington 25, D. C.

SUBJECT : CIA/RR GR-64 (Revised): Soviet Capabilities in  
Geodesy and Cartography for Support of Soviet  
Guided-Missile Systems

1. The Geographic Intelligence Report on Soviet Capabilities in Geodesy and Cartography for Support of Soviet Guided-Missile Systems has been used thus far in the preparation of estimates of guided-missile programs in the USSR. In the near future we plan to issue it as a regular Geographic Intelligence Report and before doing so we should like to receive your views and comments.

2. In order to expedite the publication of the report, it would be desirable if the results of your review and comments could be forwarded, in writing, three weeks from the date of receipt of this request. Should additional copies of this report be needed in order to expedite review within time requested, they may be obtained by calling [REDACTED] Code 143, Extension 4415.
